

## HDPE POLYETHYLENE DRAINAGE PIPE (ECO-FRIENDLY)

A Polyethylene Drainage Pipe is designed for the efficient drainage of water in various applications. Made from high-density polyethylene (HDPE), these pipes offer exceptional durability, corrosion resistance, and flexibility, making them suitable for underground drainage systems in residential, commercial, agricultural, and industrial settings.

ITEM #	ITEM DESCRIPTION
PIPEST150 6m	DN150 x 6.000m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe EnviroStorm RRJ Corrugated Twin Walled Smooth Bore
PIPEST225 6m	DN225 x 6.200m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST300 6m	DN300 x 6.165m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST375 6m	DN375 x 6.060m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST450 6m	DN450 x 6.065m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST525 6m	DN525 x 5.970m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST600 6m	DN600 x 5.815m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST750 6m	DN750 x 5.820m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST900 6m	DN900 x 5.900m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore
PIPEST1050 6m	DN1050 x 5.910m HD Polyethylene (HDPE) SN8 Stormwater Drainage Pipe Enviropipe RRJ Corrugated Twin Walled Smooth Bore

See page 87 for Concrete Pipe.
